CHANGE HOLD FOR SIS LANDSCAPE

You are receiving this email because your department or college utilizes the student information system (SIS) and may be impacted by the SIS Modernization Project.

WHAT IS HAPPENING?

- As the SIS Modernization Project continues, updates and changes to the current SIS landscape are being put on hold for the remainder of the project timeline.
- Regulatory compliance matters, security requirements and executive directives will be considered for exception by the SIS executive leadership team.
- As more information regarding department or college-specific impacts becomes available, it will be shared with impacted parties.

HOW DOES THIS IMPACT ME?

- All operations will continue as normal, but changes and updates are being closely monitored.

WHEN IS THIS HAPPENING?

As of Monday, Feb. 4, 2019, all SIS landscape updates or changes are being carefully considered.

WHY IS IT HAPPENING?

- Non-essential changes to the SIS landscape are being held to direct time and energy toward implementing the new SIS platform.

WHO DO I CONTACT IF I NEED SUPPORT?

For questions regarding the SIS Modernization Project and the change hold, contact project director Tom Cooper at coopert@msu.edu. Learn more about the SIS Modernization Project at sis.msu.edu or bolderit.msu.edu/projects/student-information-system-upgrade-rfi/.
