In this Job Aid, we will review a necessary step to take when a student’s tuition is not calculating correctly, which involves reviewing a class roster.

- You will first need to login to Campus Solutions at student.msu.edu.

Review Class Roster

**Navigation:** NavBar > Curriculum Management > Class Roster > Class Roster

1. Search for the class by entering the term and subject area, then click **Search**.
   - From the **Search Results** below, select the desired class section.
2. The **Class Roster** page will populate; displaying a list of all students currently enrolled in that class section.
   - This information may be more beneficial when developing a query.
