In this Job Aid, we will review a necessary step to take when a student’s tuition is not calculating correctly, which involves reviewing a student’s grades.

- You will first need to login to Campus Solutions at student.msu.edu.

### Review Grades

**Navigation:** NavBar > Records and Enrollment > Student Term Information > Student Grades

1. Search for the student using their ID, their academic career, and the term you would like to view.
2. **The Student Grades** page will populate and will display all grades for the selected student during the selected time frame.
   - In the example above, grades are shown in the **Grade Input / Official Grade** sections.
