Admissions: Evaluation & Decision Individual Evaluator (DOM)

This job aid contains instructions for the individual evaluation of domestic MSU applicants. It includes basic navigation, review of the evaluation worklist, and a review of the different components of a student’s application in Campus Solutions.

Instructions for evaluating international MSU applicants and instructions for evaluation committees are covered in separate job aids.

Evaluation Worklist

**Navigation:** Navigator > Campus Community > Evaluation Management System > Evaluation Worklist

The page will open with your assigned evaluations displayed. You can filter to a desired output by clicking the **Show** Drop-down and selecting from the following:

- Assigned Evaluations (default view)
- Completed Evaluations
- Upcoming Evaluations

Leave all of the **Filter by fields** blank unless you want to further refine the search. For example, if you want to see only first-year, in-state candidates assigned to you, click the **Evaluation Description drop-down** and select **FY In State Review**.
The bottom half of the screen will contain a list of your assigned evaluations.

Note: If there are multiple pages, use the navigation arrows in the upper right corner to advance to the next page, or click View All.

The table will include the following information:

- Student ID Number
- Student Name
- Type of Student
- Date Assigned to your queue
- Your Role in this student’s evaluation
Note: The initial application review will be conducted by an Individual Evaluator. Submitted final recommendations will route to a Committee Evaluator for the second review.

1. Select a student from the list to begin your evaluation. The student’s Evaluation Decision Entry page will open.

Evaluation Decision Entry
The top of the page will display the review type, student’s name and ID number, and the due date for this evaluation.

The remainder of the page is separated into three major sections where you will complete your review:

- Additional Information
- Rating the Components
- Entering a Recommendation

Review Additional Information
The Additional Information section contains hyperlinks to key documents to aid in your review and evaluation decision. When you click one of the four hyperlinks, the documents will open in a new tab on your browser.
2. **Review Decision Sheet**
When you click this link, a separate tab will open on your browser displaying a .pdf of the Decision Sheet.

![ImageNow Decision Sheet](image.png)

Review the following:

- **Bio/Demo Details**: Date of Birth, Residency, Birth Country and Citizenship Status
- **Application Detail**: Program, Plan, Intended Major and Fee Date
- **Legacy Detail** (Recruiting Categories): First Generation, Athlete, etc.
- **Academic Detail** (College Board Data): Academic Index, AI Group, High School GPA, MSU Calculated GPA, etc.
- **Social Context Detail** (College Board Data): Cluster Description, Landscape, etc.
- **School Detail** (College Board Data): School Name, High School Cluster, etc.
- **All Institutions Attended**: School Name, School Type, GPA, Dates, Degree Earned

Close the AD Decision tab and return to the Evaluation Worklist page.

3. **Review ImageNow Documents**
When a student submits paper documents, they are scanned into **ImageNow**. When you click the link, a new tab will open on your browser for you to login.

After entering your login credentials, a Documents page will open containing a list of scanned items for the student (High School Transcript, Application Documents, Decision Sheet, etc.). Click any item to review in detail.
When you have completed the documentation review, you can leave the tab open and return to the Evaluation Worklist page.

4. Review Checklist
When you click this link, a new tab will open on your browser with a Checklist Management 1 page displaying. You can see which checklist has been assigned to the student, the date of the assignment and the due date for completion.

Click the Checklist Management 2 tab to view the specific checklist items and the current status of each.
Note: If it is determined that additional documentation is required for this student, the counselor can click the (the system will auto-assign a Sequence number) **item drop-down** and select the required item from the list. The new item added will need to have a status of *Initiated*, and a message will appear in the student’s portal as a pending document request. (For a complete list, see the Applicant Checklist Items section at the end of this job aid.)

**IMPORTANT**: It is important that you use the [+ Add a New Row] button if a new requirement is needed. **Do Not use the yellow Add button at the bottom of the Checklist items page.**

When you have completed the checklist review, close the tab and return to the Evaluation Worklist page.

5. **Review Early Financial Aid Offer**
   This link will take you to the student’s Early Financial Aid Offer page where you can review any potential merit-based scholarships that were tagged for this student including:
   - Aid Category
