Student Program Tab

Navigation: Menu > Records and Enrollment > Student Program/Plan

All changes to a student’s Career, Program, Change (CPP) stack, regardless of the change, start on the Student Program tab, even when changing a plan.

1. Click the + button to add a new row.
2. **Effective Date** - The date on which the program action becomes effective. Defaults to today’s date, change if necessary.
Student Plan Tab

1. **Academic Plan** – Select the Academic Plan using the magnifying glass.
2. **Plan Sequence** - Enter the appropriate number.
   - 10: Primary Major
   - 11: Honors
   - 12-19: Additional majors, dual PhDs, specializations
   - 20, 30, etc.: Second degrees if on the same CAR as the primary major. Honors for second degrees should follow sequentially. For example, if _BA2 is 20 then HON2_NOUN is 21.
   - 70-79: Minors
3. **Declare date** - The date the student declares the academic plan. The system, by default, displays a date equal to the effective date of the latest program action. You can override this value if needed.
4. **Requirement Term** - This determines the curriculum requirements the student will follow for the new plan.
5. **Save.**
