

Class Search Quick Guide

* Use this guide in conjunction with the [Class Search and Enroll Student Guide](#) for additional help.

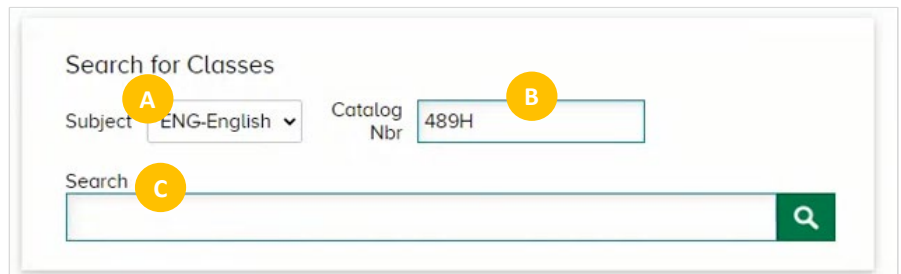

Navigation

1. Click the **Classes** tile on your Student home page
2. Click **Class Search & Enroll** from the left side menu
3. Select a semester from the list

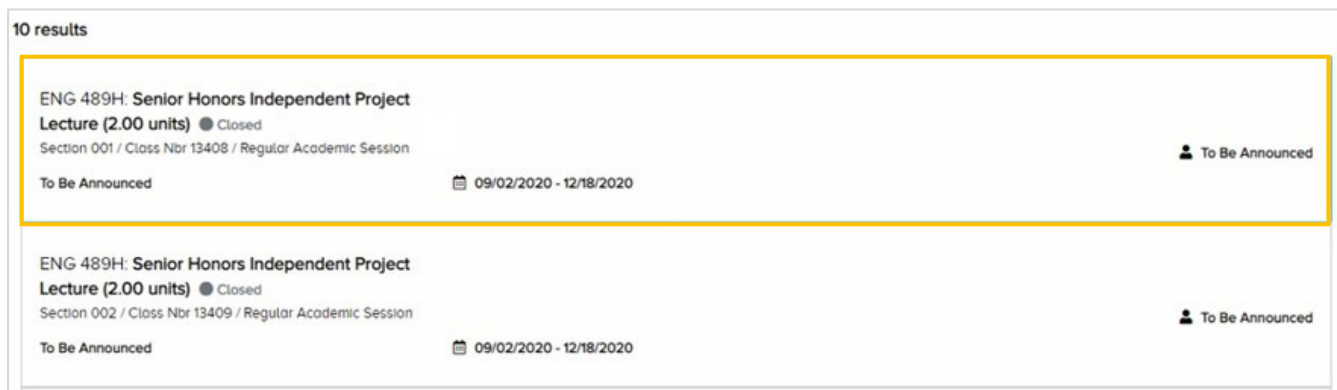

Quick Search

- A. Enter **Subject**
- B. Enter **Catalog Number** and/or
- C. Enter **keyword**

Search Results

Classes that meet the search criteria will appear at the bottom of the page.

Click an item in the list to review the **Class Information**.

Class Information

When you select a class in the Search Results list, the Class Information page will open.

The three tabs across the top of the page provide class information. Click a tab to review:

1. Details

- The Details Tab outlines class information including Days & Time, Schedule, Location, Instructor and Final Exam schedule.
- Make sure to review the requisites and other restrictions that may be listed in the Class Notes.
- When you enroll in the recitation for a class, you are automatically enrolled in the lecture.
- Classes are offered online, either synchronously or asynchronously, or in person. For the example below, the recitation is online, and the lecture is in person.
- Final exam information for fall 2021 will be available on Aug. 1, 2021.

Search Filters

Use the filters below to further refine the search results.

- ▾ **Class Status:** Show Open Classes Only (select Yes or No)
- ▾ **Days:** Click to find classes that meet specific day(s) of the week
- ▾ **Times:** Click to find classes that begin/end at specific times of the day
- ▾ **Instructors:** Click to find classes taught by a specific a faculty member

Additional Search Filters (CLICK TO REVEAL THE OPTIONS BELOW)

- ▾ **College:** Click to find classes in a specific college
- ▾ **Career:** Click to find classes in a specific career
- ▾ **Dates:** Click to find classes offered within a specific date range
- ▾ **Units:** Click to find classes with a specified number of units
- ▾ **Instruction Mode:** Click to filter by In-Person, Online or Hybrid classes
- ▾ **Course Attribute:** Click to filter by Honors Courses, University Diversity, etc.
- ▾ **Building:** Click to find classes in a specific campus building
- ▾ **Location:** Click to find Education Abroad or Off-Campus classes

Helpful Hints

1. Selecting a **Subject** will significantly reduce the amount of time a search takes to execute and is recommended whenever possible.
2. **Time** filter used exclusively will filter results only on the primary meeting pattern. If the user wishes to filter results for all meeting patterns in a specific time frame, then add the Days filter and select the “Only these days” radio button” to filter all meeting patterns.
3. If you are searching for **Previous Terms**, unselect the “Show Open Classes Only” button.
4. The **Maximum Results** that can be displayed for any search is 250. If a search produces more than 250 results an information message will be shown to the user and only the first 250 of the total number of results will be displayed.
5. **Filter Results** will only filter the results displayed from previous search parameters; it will not increase the number of results shown.
6. Not all classes displayed with an “Open” status will allow **Enrollment**; there may be reserved capacity, department/college-controlled, or other approval required to enroll in certain section.
7. The “**Special Searches**” from legacy MSU Schedule of Courses Search can be replicated in Campus Solutions using the following filters:

- Number of credits – **Units** filter can replicate these results.
- After 5pm – **Times** filter can replicate these results.
- Off Campus – **Course Attributes** filter, or Location filter, can replicate these results.
- Education Abroad – **Location** filter can replicate these results.
- Building Search – **Building** filter can replicate these results.
- Honors – **Course Attributes** filter can replicate these results.
- Online & Hybrid – **Instruction Mode** filter can replicate these results.
- Special Sessions – **Date** filter can replicate these results.
- Kellogg Biological Station – **Location** filter can replicate these results.
